

MAESTRO CMM System.

Quality remastered.

SPEED .

Keep pace with production.

MAESTRO is the CMM with the highest speed in its class.
No other CMM moves faster or captures points quicker.

SIMPLICITY.

Empower all users.

MAESTRO makes even the most complex metrology tasks easier, enabling all skill sets to operate it.

CONNECTIVITY.

Seamlessly connect to teams, systems, and insights.

The MAESTRO CMM system enables better collaboration and access to data anywhere, anytime.

FUTURE-PROOFED.

Ready for what's next.

MAESTRO evolves with your business — expanding capabilities and ROI over time.

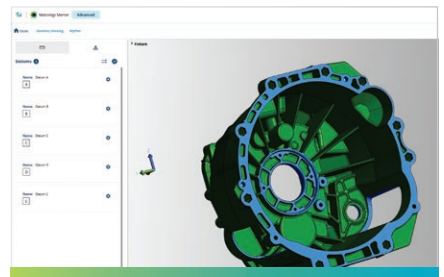

More than just a measurement tool...

Deliver accurate measurements, faster than ever before with the fastest CMM throughput on the market.

Simplify every part of the CMM measurement workflow using the intuitive software and hardware ecosystem.

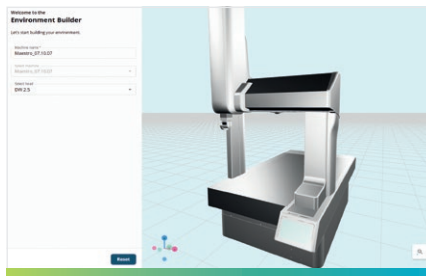

Create accurate programs faster with Metrology Mentor — online or offline — and validate with realistic digital twin simulations.

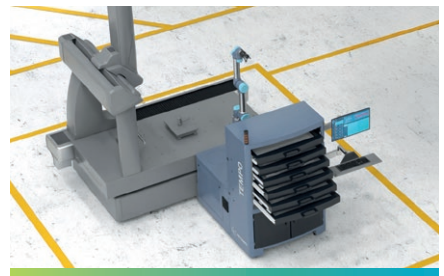

...a next-generation IIoT device

Hexagon's all-digital, connected CMM system makes metrology data readily accessible to your whole team, and enables you to make data-driven decisions to boost productivity and quality.

MAESTRO already embraces technologies such as the Industrial internet of Things (IIoT), and Big Data analytics. It is designed to be the digital backbone of your smart factory.

Easily integrate MAESTRO with major industrial automation systems and gain optimum visibility.
